

CADD MICROSYSTEMS

YOUR EXPERIENCED PUBLIC SECTOR PARTNER

CADD Microsystems specializes in 2D/3D design and engineering solutions for the public sector, with extensive experience in the manufacturing, building, construction, engineering, education, geospatial, plant and mapping industries.

Working closely with Autodesk and our partners, we have close to 30 years of experience developing and implementing design software solutions for federal, state and local clients.

As an Autodesk Platinum Partner and Government Specialist - the highest tier of partners - Autodesk considers us to be among the best at providing our customers with best-in-class solutions, from pre - and post-sales support, consulting, training, implementation and customization.

WE KNOW THE PUBLIC SECTOR

- » We understand the unique requirements and challenges of our public sector clients, based on our extensive experience with federal, state and local agencies, as well as government contractors.
- » We provide cost-effective solutions - products and services - for government agencies globally.
- » We customize and configure software environments to meet the specific mandates, standards and workflows of each of our clients.
- » We make it possible for users to adhere to and enforce organizational design standards, business rules and workflows.

TECHNOLOGY MANAGEMENT

- » Building Information Modeling (BIM) Services
- » CADD Care Certified Helpdesk
- » Software Installations & Deployments
- » Training & Learning

CONSULTING

- » CAD/BIM Content Creation & Management
- » Standards Development & Enforcement
- » Business Process Consulting
- » Custom Application Development

SOFTWARE SOLUTIONS

- » Facilities Management & Real Estate Solutions, CAFM/CIFM
- » Civil Engineering, GIS & Survey
- » Building Architecture & Engineering
- » Manufacturing & Simulation

CONTRACT VEHICLES

CADD Microsystems has classroom training, e-learning and consulting services available on GSA Schedule #GS-35F-0725R. Additionally, we team our GSA Schedule with partners who offer Autodesk products on ESI, GSA Schedule, CHES, state contracts, and more.
