

Accelerating Public Sector Growth for Technology Companies

Who We Are

The U.S. public sector is the leading customer for IT solutions globally. Yet, finding a single distribution partner who can help you grow your U.S. public sector business is a challenge. TD SYNEX Public Sector removes barriers to the market — making it easier to do business.

We have more than 75 years of combined dedication and service to the U.S. public sector in the federal government, state and local governments, education, public health and utility markets. Partner with us to access actionable end-user market insights, targeted demand generation, proactive pipeline management with commercial-grade distribution, logistics, financing and channel enablement.

TD SYNEX Public Sector is the partner you need to help simplify the process by defining a better route to the U.S. public sector market. To learn more about what TD SYNEX Public Sector has to offer, please [click here](#).
