All contractors are required to provide banking information at the time of PA execution in order to facilitate State electronic funds transfer payments.

Withholding of Payment. State may withhold disputed payments to Contractor under the subject statement of work (or where no statement of work exists, the applicable contract). The withholding may not be greater than, in the aggregate, fifteen percent (15%) of the total value of the subject statement of work or applicable contract. With respect to payments subject to milestone acceptance criteria, State may withhold payment only for such specific milestone if and until the subject milestone criteria are met. Contractor is not relieved of its performance obligation if such payment(s) is withheld.

All prices and payments must be in U.S. dollars.

3. REFERENCE TO PA

The Purchase Order number MUST appear on all invoices, packing lists, packages, and correspondence pertaining to the PA contract.

The prices paid to Contractor must include the 1.5% Administrative Fee. Contractor shall remit this Administrative Fee concurrent with the Required Usage Reporting described below. The Administrative Fee must be submitted by ACH along with email notification to State of Montana Contracts Officer. This Administrative Fee is effective upon execution of this PA.

5. REQUIRED REPORTING

Contractor shall submit quarterly reports to the Contracts Officer (CO) assigned by State to manage this Contract. Contractor shall provide CO with an electronic usage report (Excel), which must list the following information at the minimum: purchasing entity; description of items purchased; date of purchase; contract price; and the extended price for each transaction. These reports are due no more than 30 days after the end of the quarter as follows:

First Quarter: July 1 through September 30;
Second Quarter: October 1 through December 31;
Third Quarter: January 1 through March 31; and
Fourth Quarter: April 1 through June 30.

6. TAXES

6.1 Payment. Contractor shall pay all property and sales taxes, if any.

6.2 Exemption. State of Montana is exempt from Federal Excise Taxes (#81-0302402), except as otherwise provided in the federal Patient Protection and Affordable Care Act [P.L. 111- 148, 124 Stat. 119].

Contractor warrants that it performs all services using reasonable care and skill and according to its current description (including any completion criteria) contained in this Contract. State agrees to provide timely written notice of any failure to comply with this warranty so that Contractor can take corrective action.

8.1 General Requirements. Contractor shall maintain for the duration of this Contract, at its cost and expense, insurance against claims for injuries to persons or damages to property, including contractual liability, which may arise from or in connection with the performance of the work by Contractor, agents, employees, representatives, assigns, or subcontractors. This insurance shall cover such claims as may be caused by any negligent act or omission.

8.2 Primary Insurance. Contractor's insurance coverage shall be primary insurance with respect to State, its officers, officials, employees, and volunteers and shall apply separately to each project or location. Any insurance or self-insurance maintained by State, its officers, officials,

8.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be declared to and approved by State. Such insurance must cover, at a minimum, privacy notification costs, credit monitoring, forensics investigations, legal fees/costs, regulatory fines and penalties, and third-party liability settlements or judgements as may be caused by any act, omission, or negligence of the Contractor's officers, agents, representatives, assigns or subcontractors. Note: If occurrence coverage is unavailable or cost-prohibitive, the State will accept 'claims made' coverage provided the following conditions are met: 1) the retroactive date must be shown, and must be before the date of the contract or the beginning of contract work; 2) insurance must be maintained and evidence of insurance must be provided for at least three (3) years after completion of the contract of work; and 3) if coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of three (3) years after completion of work.

21.1 Termination for Convenience

State may, by written notice to Contractor, terminate this Contract without cause and without incurring liability to Contractor. State shall give notice of termination to Contractor at least 30 days before the effective date of termination. State shall pay Contractor only that amount, or prorated portion thereof, owed to Contractor up to the date State's termination takes effect. This is Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this Section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

21.2 Termination for Cause with Notice to Cure Requirement

Either party may terminate this Contract for the other's failure to perform any of its duties under this Contract after giving written notice of the failure to the other. The written notice must demand performance of the stated failure within a specified period of time of not less than 30 days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

21.3 Reduction of Funding

State must, by law, terminate this Contract if funds are not appropriated or otherwise made available to support State's continuation of performance of this Contract in a subsequent fiscal period. (18-4-313(4), MCA.) If state or federal government funds are not appropriated or otherwise made available through State's budgeting process to support continued performance of this Contract (whether at an initial contract payment level or any contract increases to that initial level) in subsequent fiscal periods, State shall terminate this Contract as required by law. State shall provide Contractor the date State's termination shall take effect. State shall not be liable to Contractor for any payment that would have been payable had the Contract not been terminated under this provision. As stated above, State shall be liable to Contractor only for the payment, or prorated portion of that payment, owed to Contractor up to the date State's termination takes effect. This is Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this Section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

22. Terrorism, Suspension or Debarment, or Otherwise Ineligible

State has the absolute right to terminate the Contract without recourse in the following circumstances:

- A. - B. Contractor is suspended or debarred from doing business with the federal government as listed in the System for Award Management maintained by the General Services Administration; or
- C. Contractor is found to be ineligible to hold the Contract under the laws of State.

23. EVENT OF BREACH – REMEDIES

23.1 Event of Breach by Contractor

Any one or more of the following Contractor acts or omissions constitute an event of material breach under this Contract:

Products or services furnished fail to materially conform to any requirement;

Failure to perform any of the other terms and conditions of this Contract, including but not limited to beginning work under this Contract without prior State approval or breaching Section 25.1, Technical or Contractual Problems, obligations; or Voluntary or involuntary bankruptcy or receivership.

23.2 Event of Breach by State

State's failure to perform any material terms or conditions of this Contract constitutes an event of breach.

23.3 Actions in Event of Breach

Upon Contractor's material breach, State may:

- A. Terminate this Contract under Section 20.1, Termination for Convenience and pursue any of its remedies under this Contract, at law, or in equity; or
- B. Treat this Contract as materially breached and pursue any of its remedies under this Contract, at law, or in equity.
- C. Upon State's material breach, Contractor may:
 - a. Terminate this Contract under Section 20.2, Termination for Cause with Notice to Cure, and pursue any of its remedies under this Contract, at law, or in equity; or
 - b. Treat this Contract as materially breached and, except as the remedy is limited in this Contract, pursue any of its remedies under this Contract, at law, or in equity.

23.4 WAIVER OF BREACH

Either party's failure to enforce any contract provisions after any event of breach is not a waiver of its right to enforce the provisions and exercise appropriate remedies if the breach occurs again. Neither party may assert the defense of waiver in these situations.

24. FORCE MAJEURE

Neither party is responsible for failure to fulfill its obligations due to causes beyond its reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, fires, floods, labor disturbances, riots, wars, terrorist acts, or any other causes, directly or indirectly beyond the reasonable control of the nonperforming party, so long as such party uses its best efforts to remedy such failure or delays. A party affected by a force majeure condition shall provide written notice to the other party within a reasonable time of the onset of the condition. In no event, however, shall the notice be provided later than five working days after the onset. If the notice is not provided within the five-day period, then a party may not claim a force majeure event. A force majeure condition suspends a party's obligations under this Contract, unless the parties mutually agree that the obligation is excused because of the condition.

25. CONFORMANCE WITH CONTRACT

No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the Contract shall be granted without the State Procurement Bureau's prior written consent. Product or services provided that do not conform to the Contract terms, conditions, and specifications may be rejected and returned at Contractor's expense.

26. MEETINGS

26.1 Technical or Contractual Problems.

Contractor shall meet with State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the Contract term or to discuss the progress made by Contractor and State in the performance of their respective obligations, at no additional cost to State. State may request the meetings as problems arise and will be coordinated by State. State shall provide Contractor a minimum of three full working days' notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Contractor's consistent failure to participate in problem resolution meetings, Contractor missing or rescheduling two consecutive meetings, or Contractor's failure to make a good faith effort to resolve problems may result in termination of the Contract.

26.2 Progress Meetings

During the term of this Contract, State's Project Manager shall plan and schedule progress meetings with Contractor to discuss Contractor's and State's progress in the performance of their respective obligations. These progress meetings will

include State's Project Manager, Contractor's Project Manager, and any other additional personnel involved in the performance of this Contract as required. At each meeting, Contractor shall provide State with a written status report that identifies any problem or circumstance encountered by Contractor, or of which Contractor gained knowledge during the period since the last such status report, which may prevent Contractor from completing any of its obligations or may generate charges in excess of those previously agreed to by the parties. This may include the failure or inadequacy of State to perform its obligation under this Contract. Contractor shall identify the amount of excess charges, if any, and the cause of any identified problem or circumstance and the steps taken to remedy the same.

26.3 Failure to Notify

If Contractor fails to specify in writing any problem or circumstance that materially affects the costs of its delivery of services or products, including a material breach by State, about which Contractor knew or reasonably should have known with respect to the period during the term covered by Contractor's status report, Contractor shall not be entitled to rely upon such problem or circumstance as a purported justification for an increase in the price for the agreed upon scope.

26.4 State's Failure or Delay

For a problem or circumstance identified in Contractor's status report in which Contractor claims was the result of State's failure or delay in discharging any State obligation, State shall review same and determine if such problem or circumstance was in fact the result of such failure or delay. If State agrees as to the cause of such problem or circumstance, then the parties shall extend any deadlines or due dates affected thereby and provide for any additional charges by Contractor. This is Contractor's sole remedy. If State does not agree as to the cause of such problem or circumstance, the parties shall each attempt to resolve the problem or circumstance in a manner satisfactory to both parties.

27. TRANSITION ASSISTANCE

If this Contract is not renewed at the end of this term, if the Contract is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this Contract or particular work under this Contract. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to State or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this Contract, except for those terms or conditions that do not reasonably apply to such transition assistance. State shall pay Contractor for any resources utilized in performing such transition assistance at the most current Contract rates. If State terminates a project or this Contract for cause, then State may offset the cost of paying Contractor for the additional resources Contractor utilized in

providing transition assistance with any damages State may have sustained as a result of Contractor's breach.

Contractor shall verify on the Purchase Order that any purchase under this Participating Addendum does not use federal grant money. This Section is only applicable until Contractor and State mutually agree on Federal Terms and Conditions.

28. CHOICE OF LAW AND VENUE

Montana law governs this Contract. The parties agree that any litigation concerning this this Contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana, and each party shall pay its own costs and attorney fees, except as provided in Section 18, Defense, Indemnification/Hold Harmless.

Nothing in these provisions shall be construed as a waiver of the sovereignty or governmental immunity State enjoys, whether derived from the Eleventh Amendment to the United States Constitution or otherwise, or a waiver of any defenses to Proceedings or consent to jurisdiction based thereon.

29. AUTHORITY

This Contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

30. SEVERABILITY

A declaration by any court or any other binding legal source that any provision of the Contract is illegal, and void shall not affect the legality and enforceability of any other provision of the Contract, unless the provisions are mutually and materially dependent.

31. WAIVER

State's waiver of any Contractor obligation or responsibility in a specific situation is not a waiver in a future similar situation or is not a waiver of any other Contractor obligation or responsibility.

32. PUBLIC DISCLOSURE

Contractor may publicize the Contract term, scope and price without prior written approval. However, Contractor may not use the State seal, any State logo, or claim any State endorsement as to the Contract without prior written approval by State.

33. SURVIVAL

All provisions in this Contract that relate to warranties, Audit, Payment, Indemnification, Defense, and Hold Harmless, and Limitation of Liability, shall survive any termination of this Contract.
